

COUNTY OF ERIE  
CHRIS COLLINS  
COUNTY EXECUTIVE

DIVISION OF PURCHASE

STANDARD AGREEMENT

This AGREEMENT, made as of the 24th day of May, 2011

by and between Jameson Roofing Company

of 106 Evans Street, Hamburg, New York 14075

hereinafter referred to as the Contractor, and the County of Erie, a municipal corporation of the State of New York, hereinafter referred to as the County:

WHEREAS, in accordance with public open competitive bidding, sealed proposals were received and publicly opened by the County of Erie, Division of Purchase

on May 16, 2011 at 10:30 A.M.

for: ON CALL AND EMERGENCY ROOFING SERVICE AT COUNTY OWNED BUILDINGS

WHEREAS, the bid of the Contractor submitted in accordance therewith, the sum

of \$ FIVE PERCENT (5%)

was the lowest responsible bid submitted; and

WHEREAS, a contract is hereby awarded to the Contractor by the County, in accordance with the provisions therein contained; and

WHEREAS, the Notice to Bidders and Specifications make provisions for entering into a proper and suitable contract in connection therewith;

NOW, therefore, the Contractor does hereby for its heirs, executors, administrators and successors agree with the County of Erie that, the Contractor shall for the consideration mentioned, and in the manner set forth in Accepted Invitation to Bid No. 211170-002, Specifications and Provisions of Law annexed hereto and forming a part of this contract, furnish the equipment and materials and perform the work and services described in the Accepted Bid for the above sum.

\_\_\_\_\_ Paid monthly upon presentation of invoices.

~~xxx~~ Upon delivery, completion and approval of the work, as per specifications.

Please refer to the Invitation to Bid (Page 1) and the Instructions to Bidders which are part of this agreement.

IN WITNESS THEREOF, the parties hereto have hereunto set their hands and seals the day and year first above written.

**COUNTY OF ERIE  
CHRIS COLLINS  
COUNTY EXECUTIVE  
DIVISION OF PURCHASE**

TO: ALL BIDDERS  
 FROM: County of Erie, Division of Purchase  
 DATE: May 13, 2011  
 SUBJECT: ADDENDUM #1 TO BID  
 BID NO.: 211170-002

*diw*

Please be advised that there is an addendum to the above referenced bid. The MBE/WBE Commitment forms were not included in the original bid package. Please insert them in the bid package that was recently sent to you. If you are not a minority or woman owned business, just complete the waiver. For your convenience I have placed an "x" to the lines that must be filled out. In-addition please find the "Experience Questionnaire" form. Please complete and insert with bid package. Also please note that only one of the G-1 page needs to be submitted with bid.

**BID NO.: 211170-002  
 BID NAME: ON-CALL & EMERGENCY ROOFING  
 SERVICE @ COUNTY OWNED BLDGS  
 DUE DATE: MAY 16, 2011 @ 10:30 AM**

Upon receiving this addendum, please complete the sheet and fax back to 716-858-6465. We apologize for any inconvenience.

Diw  
 Att.

PLEASE COMPLETE AND FAX BACK TO:

**716-858-6465**

ACKNOWLEDGEMENT OF ADDENDUM #1  
TO BID NO: 211170-002

ON CALL EMERGENCY ROOFING SERVICES @ COUNTY  
OWNED BLDGS

DUE ON: May 16, 2011 @ 10:30 AM

This to confirm that Addendum #1 to the above referenced bid was faxed and received on May 13, 2011. This Addendum will be inserted in the original bid package.

**NON-COLLUSIVE BIDDING CERTIFICATION**

By submission of this bid, each bidder and each person signing on behalf of any bidder certifies, and in the case of a joint bid each party thereto certifies as to its own organization, under penalty of perjury, that to the best of his knowledge and belief:

- (1) the prices in this bid have been arrived at independently without collusion, consultation, communication, or agreement, for the purpose of restricting competition, as to any matter relating to such prices with any other bidder or any competitor;
- (2) unless otherwise required by law, the prices which have been quoted in this bid have not been knowingly disclosed by the bidder and will not knowingly be disclosed by the bidder prior to opening, directly or indirectly, to any other bidder or to any competitor; and
- (3) no attempt has been made or will be made by the bidder to induce any other person, partnership or corporation to submit or not to submit a bid for the purpose of restricting competition.

**NOTICE**

**NAME OF BIDDER** Jameson Roofing Co., Inc.

**County of Erie**  
**DIVISION OF PURCHASE**  
**INSTRUCTIONS TO BIDDERS (FORMAL)**

1. BID SHALL BE SUBMITTED ON THESE COUNTY OF ERIE BID FORMS or bid will not be considered. Bid must be typed or printed in ink. Original autograph signatures in ink are required. Facsimile or rubber stamp signatures will not be accepted. ALL PAGES OF THIS BID DOCUMENT MUST BE RETURNED INTACT.
2. LATE PROPOSALS. Any bids received in the Erie County Division of Purchase after the date and time prescribed will not be considered for contract award.
3. EMERGENCY CLOSINGS. In the event the closing of certain County facilities and/or operations and/or services due to any flood, fire, fire drill, power failure, uncontrolled weather conditions or other cause beyond the Division of Purchase control, only bids received in the Division of Purchase prior to the date and time or postmarked as of the date prescribed will be considered for contract award.
4. ANY CHANGE IN WORDING OR INTERLINEATION BY A BIDDER OF THE INQUIRY AS PUBLISHED BY THE COUNTY OF ERIE shall be reason to reject the proposal of such bidder, or in the event that such change in the Invitation to Bid is not discovered prior to entering into a contract, to void any contract entered into pursuant to such bid.
5. THE COUNTY RESERVES THE RIGHT TO REJECT any and all bids, to accept either in whole or in part any one bid or combination of bids, as may be provided in the bid specifications, or to waive any informalities in bids. The County does not obligate itself to accept the lowest or any other proposal.
6. AWARD TO THE LOWEST RESPONSIBLE BIDDER. For the purpose of determining which bidder is the lowest qualified responsible bidder, it shall be the lowest three bidders' responsibility, within FIVE DAYS of being so notified by the Division of Purchase, to present information and documentation to the Division of Purchase, to satisfy the County that the bidder possesses sufficient capital resources, skill, judgment and experience to perform the work or deliver the material, as per bid specifications.
7. CONTRACT(S) OR PURCHASE ORDER(S) WILL BE AWARDED after due consideration of the suitability of goods and/or services bid to satisfy these specifications, the total cost of such goods and/or services including all cost elements, and the timeliness of the agreed upon delivery date.
8. This EXECUTORY CLAUSE shall be a part of any agreement entered into pursuant to this bid:  
  
IT IS UNDERSTOOD BY THE PARTIES THAT THIS AGREEMENT SHALL BE EXECUTORY ONLY TO THE EXTENT OF THE MONIES AVAILABLE TO THE COUNTY OF ERIE AND APPROPRIATED THEREFOR, AND NO LIABILITY ON ACCOUNT THEREOF SHALL BE INCURRED BY THE COUNTY BEYOND THE MONIES AVAILABLE AND APPROPRIATED FOR THE PURPOSE THEREOF.
9. FAILURE TO MEET DELIVERY SCHEDULE as per accepted bid may result in legal action by the County of Erie to recover damages.
10. PRICES SHALL BE QUOTED F.O.B. DESTINATION AND DELIVERED INSIDE. "Tailgate delivery" will not be accepted unless specified by the County.
11. COLLECT TRANSPORTATION CHARGES WILL NOT BE PAID BY THE COUNTY. All freight, cartage, rigging, postage or other transportation charges shall be prepaid and included in the bid. There will be no additional charges for delivery.
12. NO TAXES ARE TO BE BILLED TO THE COUNTY. Bids shall not include any Federal, State, or local excise, sales, transportation, or other tax, unless Federal or State law specifically levies such tax on purchases made by a political subdivision. The County of Erie Purchase Order is an exemption certificate. Any applicable taxes from which the County is not exempt shall be listed separately as cost elements, and added into the total net bid.
13. THE SUCCESSFUL BIDDER shall comply with all laws, rules, regulations and ordinances of the Federal Government, the State of New York and any other political subdivision of regulatory body which may apply to its performance under this contract.

# County of Erie

## DIVISION OF PURCHASE

14. GRATUITIES, ILLEGAL OR IMPROPER SCHEMES. The County may terminate this agreement if it is determined that gratuities in the form of entertainment, gifts or otherwise were offered or given by a vendor, his agent or representative to any County official or employee with a view towards securing favorable treatment with respect to the awarding of this bid or the performance of this agreement. The County may also terminate this agreement if it is determined that the successful bidder engaged in any other illegal or improper scheme promotive of favoritism or unfairness incidental to the bidding process or the performance of this agreement. In the event that it is determined that said improper or illegal acts occurred, the County shall be entitled to terminate this agreement and/or exercise any other remedy available to it under existing law.

15. INSURANCE shall be procured by the Successful Bidder before commencing work, no later than 14 days after notice of award and maintained without interruption for the duration of the Contract, in the kinds and amounts specified in Exhibit IC, unless otherwise stipulated in these Bid Specifications. IF THE INSURANCE IS NOT PROVIDED IN ACCEPTABLE FORM WITHIN THIS PERIOD OF TIME, THEN THE DIRECTOR OF PURCHASE MAY DECLARE THE VENDOR NONRESPONSIVE AND AWARD THE CONTRACT TO THE NEXT LOW RESPONSIBLE BIDDER.

CERTIFICATES OF INSURANCE shall be furnished by the successful bidder on Erie County Standard Insurance Certificate, Exhibit IC.

16. ANY CASH DISCOUNT which is part of bid will be considered as a reduction in the bid prices in determining the award of the bid. Date of invoice must not precede date of delivery. The County policy is to pay all claims in a timely manner within the specified time. However, if for some reason payment is delayed, the County will take the discount when payment is made. The County will not pay any interest charges, nor refund discount amounts taken after the discount period. If this is unsatisfactory, please quote net.

17. CHANGES IN THE WORK. The County may, as the need arises, through the Director of Purchase, order changes in the work through additions, deletions, or modifications without invalidating the contract. Compensation, as it may be affected by any change, shall be adjusted by agreement between the contractor and County through the Director of Purchase.

18. BID OFFERING MATERIAL OTHER THAN THAT OF SPECIFIED MANUFACTURER OR TRADE NAME will be considered unless stated otherwise. The use of the name of a particular manufacturer, trade name, or brand in describing an item does not restrict a bidder to that manufacturer or specific article. However, the substituted article on which a proposal is submitted must be of such character or quality that it would serve the purpose for which it is to be used equally well as the manufacturer or brand specified. Proposals will be accepted in accordance with specifications on file or approved equal.

19. IF MATERIAL OR SERVICES OTHER THAN THOSE SPECIFIED IN THIS BID DOCUMENT ARE OFFERED, the bidder must so state and furnish at the time of bid opening, if so requested, and as part of his bid the following information in duplicate:

- (a) Complete description of the item offered, and detailed explanation of the differences between the item specified and the item offered. If, in the opinion of the Division of Purchase, sufficient detail is not presented as a part of the sealed bid to permit definitive evaluation of any substitute item, the bid will not be considered.
- (b) Descriptive literature of item offered, for evaluation.
- (c) List of installations in Erie County of the item offered.
- (d) List of other installations.

20. ANY ADDITIONAL INFORMATION for which bidder desires to add to the bid shall be written on a separate sheet of paper, attached to and submitted with the formal sealed bid, to be read at the formal opening.

21. WORKMANSHIP MUST MEET WITH THE APPROVAL OF THE DEPARTMENT HEAD(S) INVOLVED, AND SHALL BE FIRST CLASS in every respect without exception and shall be equal to the best modern practices. Materials furnished are to be new and unused. All materials furnished or work performed are to be guaranteed free from defects. Anything found defective or not meeting specifications, no matter in what stage of completion, may be rejected and shall be made good by the contractor at his own expense.

22. CONTRACTOR SHALL CLEAN UP and remove all debris and rubbish resulting from the work and leave the premises broom clean to the approval of the department head.

# County of Erie

## DIVISION OF PURCHASE

23. THIS BID IS FIRM AND IRREVOCABLE for a period of 45 days from the date and time of the bid opening. If a contract is not awarded within the 45 day period, a bidder to whom the bid has not been awarded, may withdraw his bid by serving written notice of his intention to do so upon the Division of Purchase. Upon withdrawal of the bid pursuant to this paragraph, the Division of Purchase will forthwith return the bidder's security deposit.

24. PRICES CHARGED TO THE COUNTY OF ERIE are to be no higher than those offered to any other governmental or commercial consumer. If a bidder has a New York State or a Federal GSA contract for any of the items covered in this bid or any similar items, he shall so indicate that he has said contract on these bid papers and automatically supply a copy of this contract within five days after notification of award.

25. PRICE IS FIRM. The unit prices bid shall remain firm, and any other charges bid shall also remain firm, for delivery of the equipment, material, work, or services described in this bid. No cost increase shall be charged for any reason whatsoever.

26. EXTENSION OF PRICE PROTECTION. Any contract entered into pursuant to this bid to supply the County's requirements of goods and/or services for a definite period of time as stated in the attached specifications may be extended for not more than two successive periods of equal length at the same bid price upon the mutual agreement of the successful bidder and the County. All extensions shall be submitted in writing and shall have prior approval by the County of Erie, Director of Purchase.

27. IN EXECUTING THIS BID, THE BIDDER AFFIRMS that all of the requirements of the specifications are understood and accepted by the bidder, and that the prices quoted include all required materials and services. The undersigned has checked all of the bid figures, and understands that the County will not be responsible for any errors or omissions on the part of the undersigned in preparing this bid. Mistakes or errors in the estimates, calculations or preparation of the bid shall not be grounds for the withdrawal or correction of the bid or bid security. In case of error in extension of prices in the bid, the unit price will govern.

28. ACCOUNTABILITY. The undersigned shall be fully accountable for his or its performance under this bid, or any contract entered into pursuant to this bid, and agrees that he, or its officers, will answer under oath all questions relevant to the performance thereof and to any transaction, act or omission had, done or omitted in connection therewith if called before any Judicial, County or State officer or agency empowered to investigate the contract or his performance.

29. TERMINATION OF CONTRACT:

a. At its option, the County may at any time for any reason terminate this agreement and the Contractor shall immediately cease all work under the agreement upon receipt of written notice of such termination from the County.

b. In the event of termination for any reason other than the fault of the Contractor, or the nonavailability of funds as provided in the above Executory Clause, the Contractor shall be paid the amount due to date of termination, and all reasonable expenses caused by such termination.

30. THE SUCCESSFUL BIDDER TO WHOM THE BID IS AWARDED SHALL INDEMNIFY AND HOLD HARMLESS the County of Erie and its agents and employees from and against all claims, damages, losses or causes of action arising out of or resulting from such vendor's performance pursuant to this bid.

31. STATUS AS AN INDEPENDENT CONTRACTOR: The successful Bidder to whom the bid is awarded and the County agree that the Bidder and its officers, employees, agents, contractors, subcontractors and/or consultants are independent contractors and not employees of the County or any department, agency or unit thereof. In accordance with their status as independent contractors, the Bidder covenants and agrees that neither the Bidder nor any of its officers, employees, agents, contractors, subcontractors and/or consultants will hold themselves out as, or claim to be, officers or employees of the County or any department, agency or unit thereof.

32. GOVERNED BY NEW YORK LAW: This Agreement shall be construed and enforced in accordance with the laws of the State of New York. In addition, the parties hereby agree that for any cause of action arising out of this Agreement shall be brought in the County of Erie.

**COUNTY OF ERIE**  
**CHRIS COLLINS**  
**COUNTY EXECUTIVE**  
**DIVISION OF PURCHASE**

**PURCHASES BY OTHER LOCAL GOVERNMENTS OR SPECIAL DISTRICTS**

The Erie County Legislature has adopted the following resolution for the purpose of allowing the following-named local governmental or school districts to make purchases through the County bidding procedures.

Under the following conditions, the Director of Purchase may make purchasing services available to the following 88 participants:

1. When in the opinion of the Director of Purchase it will not create any burden or hardship upon the County and the anticipated prices will not be adversely affected thereby, the Director is authorized when he deems appropriate and as may be requested by the participants to provide in any particular County bid specification that the participants in Erie County shall have the right to make purchases based upon the bids received by the County.
2. The County Purchase Director, within the limits of his time and manpower, shall disseminate relevant contract information to the participants.
3. The participants in County contracts will issue purchase orders directly to vendors within the specified contract period referencing the County contract involved and be liable for any payments due on such purchase orders.

Bidders shall take notice that as a condition of the award of a County contract pursuant to these specifications, the successful bidder agrees to accept the award of a similar contract with any of the participants in Erie County if called upon to do so. The County, however, will not be responsible for any debts incurred by participants pursuant to this or any other agreement.

Necessary deviations from the County's specifications in the award of a participant's contract, particularly as such deviations may relate to quantities or delivery point, shall be a matter to be resolved between the successful bidder and participants. All inquiries regarding prospective contracts shall be directed to the attention of:

# County of Erie

CHRIS COLLINS  
COUNTY EXECUTIVE

DIVISION OF PURCHASE

## MBE/WBE COMMITMENT

The Erie County Legislature enacted Local Law No. 5 requiring a minority and women-owned business utilization commitment by persons or firms contracting with the County of Erie for supplies, materials, equipment, and insurance.

### SECTION 1.

A. The supplier of all purchase contracts involving an expenditure of more than \$15,000.00 shall take affirmative action to utilize bona fide minority business enterprises (MBE) and women business enterprises (WBE) on all contracts with the County. Affirmative action shall include, but not limited to:

1. Utilizing a source list of MBEs and WBEs; and
2. Solicitation of bids from MBEs and WBEs; and
3. Providing MBEs and WBEs sufficient time to submit proposals in response to solicitations; and
4. Maintaining records showing utilization of MBEs and/or WBEs specific efforts to identify and utilize these companies; and
5. A goal of awarding at least ten percent (10%) of the total dollar value of the contract to MBEs and at least two percent (2%) of the total dollar value of the contract to WBEs or, for those contracts governed by federal or state regulations with respect to MBE and/or WBE hiring the prevailing percentage set forth therein, whichever is higher, subject to waiver as provided below.

B. All bidders must submit, with a bid, a list of all MBEs and WBEs from whom the supplier has solicited bids, or with whom the supplier has signed a binding contractual agreement, or with whom the contractor is presently negotiating an agreement, for the purpose of meeting the MBE and WBE utilization goals provided in subdivision (A) (5) above. A supplier's bid shall not be considered where the supplier fails to submit a list as provided for herein. A supplier's bid shall not be considered where examination of said list of MBEs and WBEs evidences failure by the supplier to comply with the affirmative action requirements provided herein, except that the County may, upon written request by the supplier, grant a complete or partial waiver of the provisions of subdivision (A) (5) where the availability of MBEs and/or WBEs in the market area of the contract is less than the ten percent (10%) MBE goal and two percent (2%) WBE goal.

C. As evidence of compliance with the goals set forth in subdivision (A) (5) above, the supplier shall submit to the Director or Purchasing, at the bid opening, a schedule for MBE and WBE participation listing the MBEs and WBEs with whom the supplier intends to utilize; specifying the agreed upon price to be paid for such goods and identifying in detail the contract item or items to be supplied by each MBE and WBE. A copy of the participating schedule will be forwarded to the Division of E.E.O. from the Division of Purchasing. Contingent upon a contract award, a letter of intent to enter into a purchase agreement, signed by both the supplier and the MBE and WBE (unless a waiver is requested in one of those categories), indicating the agreed upon price and scope of work, shall be provided.

D. As evidence of compliance with the goals set forth in subdivision (A) (5) above, the supplier shall provide to the County Division of E.E.O., copies of all the subcontracts and/or purchase agreements with the MBEs and WBEs within fifteen (15) days of contract award.

commercially useful function, at least fifty-one percent (51%) of which is owned by minority group members or, in the case of a publicly-owned business, at least fifty-one percent (51%) of all stock is owned by minority group members. Such ownership shall be certified by the County Division of E.E.O.

For the purposes of this paragraph, "minority group members" are citizens of the United States who are African-American, Hispanic, Asian-American and American-Indian.

F. For the purposes of this section, the term "women-owned business enterprise" shall mean a business which performs a commercially useful function, at least fifty-one percent (51%) of which is owned by a woman or women or, in the case of publicly-owned business, at least fifty-one percent (51%) of all stock is owned by a woman or women. Such ownership shall be certified by the County Division of E.E.O.

NOTE:

It is the prime vendor's responsibility to obtain MBE/WBE vendors and NOT the County of Erie. However, some vendors may be obtained from:

**SECTION 013223 - PHOTOGRAPHIC DOCUMENTATION**

**PART 1 – GENERAL**

**1.01 SUMMARY**

A. This Section includes administrative and procedural requirements for the following:

1. Project Photography

**1.02 INFORMATIONAL SUBMITTAL**

A. Key Plan: Submit a key plan of the project site and/or building noting vantage point marked for location and direction of each photograph provided.

B. Photographs: Submit at minimum, three (3) photographs documenting the pre-demolition condition, the condition during repair and at the completion of the work.

1. Identification: Label the digital files with the following information:

- a. Name of Project
- b. Name of Contractor
- c. Date of photograph was taken.
- d. Description of vantage point, indicating location, direction (by compass point) and elevation, location of story location.

C. Key Plan and Photographs to be submitted with invoice for each repair.

D. Final digital images: In addition to the images submitted above, also submit a complete set of all digital images taken via electronic files on CD-ROM for each calendar year.

**1.03 COORDINATION: (Not Used)**

**PART 2 - PRODUCTS**

**2.01 PHOTOGRAPHIC MEDIA**

A. Photographs: 8"x10" smooth-surface matte prints on single-weight commercial-grade photographic paper, enclosed in a clear plastic sleeve that is punched for standard 3-ring binders.

B. Digital Images: provide images in uncompressed Tiff format, produced by a digital camera with minimum sensor size of 4.0 megapixels, and at an image resolution of not less than 1600 by 1200 pixels.

**PART 3 – EXECUTION**

**3.01 CONSTRUCTION PHOTOGRAPHS**

A. General: Take photographs using the maximum range of depth of field, and that

**COUNTY OF ERIE**  
**DIVISION OF REAL ESTATE & ASSET MANAGEMENT**

are in focus, to clearly show the Work. Photographs with blurry or out-of-focus areas will not be accepted.

1. Maintain key plan with each set of construction photographs that identifies each photographic location.
- B. Digital Images: Submit digital images exactly as originally recorded in the digital camera, without alteration, manipulation, editing, or modifications using image editing software.
1. Date and Time: Include date and time in filename for each image.
- C. Pre-Demolition Photographs: Before commencement of Work, take photographs of all Work areas, existing structures and surrounding construction, from different vantage points to identify existing conditions and to accurately record physical conditions at the start of construction.
- D. Progress Documentation Photographs: During the execution of Work, take photographs identifying extent of repair and/or replacement of roofing systems. Document new material installations for adherence to manufacturer's warranty and industry standard practices.
- E. Final Completion Construction Photographs: At conclusion of Work, take photographs to identify Work has been completed and repaired to a watertight condition, per manufacturer's warranty and industry standard practices.
- F. Photographs As Directed. The County may issue requests for additional photographs, in addition to periodic photographs specified. Circumstances that could require additional photographs include, but are not limited to, the following:
1. Immediate follow-up when on-site events result in construction damage or losses.
  2. Photographs to be taken at fabrication locations away from Project site.
  3. Documentation of proper disposal of materials.
  4. Documentation of adequate protection of areas adjoining the Work location.
  5. Extra record photographs at time of final acceptance.

END OF SECTION

## SECTION 014000 - QUALITY REQUIREMENTS

### PART 1 – GENERAL

#### 1.01 SUMMARY

- A. This Section includes administrative and procedural requirements for quality assurance and quality control.
- B. Testing and inspecting services are required to verify compliance with requirements specified or indicated. These services do not relieve Contractor of responsibility for compliance with the Contract Document requirements.
  - 1. Specified tests, inspections, and related actions do not limit Contractor's other quality-assurance and control procedures that facilitate compliance with the Contract Document requirements.
  - 2. Requirements for Contractor to provide quality-assurance and -control services required by Owner or authorities having jurisdiction are not limited by provisions of this Section.
- C. Related Sections include the following:
  - 1. Division 01 Section "Cutting and Patching" for repair and restoration of Construction disturbed by testing and inspecting activities.

#### 1.02 DEFINITIONS

- A. Quality-Assurance Services: Activities, actions, and procedures performed before and during execution of the Work to guard against defects and deficiencies and substantiate that proposed construction will comply with requirements.
- B. Quality-Control Services: Tests, inspections, procedures, and related actions during and after execution of the Work to evaluate that actual products incorporated into the Work and completed construction comply with requirements. Services do not include contract enforcement activities performed by Architect.
- C. Mockups: Full-size, physical assemblies that are constructed on-site. Mockups are used to verify selections made under sample submittals, to demonstrate aesthetic effects and, where indicated, qualities of materials and execution, and to review construction, coordination, testing, or operation; they are not Samples. Approved mockups establish the standard by which the Work will be judged.
- D. Laboratory Mockups: Full-size, physical assemblies that are constructed at testing facility to verify performance characteristics.
- E. Preconstruction Testing: Tests and inspections that are performed specifically for the Project before products and materials are incorporated into the Work to verify performance or compliance with specified criteria.

- F. **Product Testing:** Tests and inspections that are performed by an NRTL, an NVLAP, or a testing agency qualified to conduct product testing and acceptable to authorities having jurisdiction, to establish product performance and compliance with industry standards.
- G. **Source Quality-Control Testing:** Tests and inspections that are performed at the source, i.e., plant, mill, factory, or shop.
- H. **Field Quality-Control Testing:** Tests and inspections that are performed on-site for Installation of the Work and for completed Work.
- I. **Testing Agency:** An entity engaged to perform specific tests, inspections, or both. Testing laboratory shall mean the same as testing agency.
- J. **Installer/Applicator/Erector:** Contractor or another entity engaged by Contractor as an employee, Subcontractor, or Sub-subcontractor, to perform a particular construction operation, including installation, erection, application, and similar operations.

### **1.03 CONFLICTING REQUIREMENTS**

- A. **General:** If compliance with two or more standards is specified and the standards establish different or conflicting requirements for minimum quantities or quality levels, comply with the most stringent requirement. Refer uncertainties and requirements that are different, but apparently equal, to Owner for a decision before proceeding.
- B. **Minimum Quantity or Quality Levels:** The quantity or quality level shown or specified shall be the minimum provided or performed. The actual installation may comply exactly with the minimum quantity or quality specified, or it may exceed the minimum within reasonable limits. To comply with these requirements, indicated numeric values are minimum or maximum, as appropriate, for the context of requirements. Refer uncertainties to Owner for a decision before proceeding.

### **1.04 SUBMITTALS**

- A. **Qualification Data:** For testing agencies specified in "Quality Assurance" Article to demonstrate their capabilities and experience. Include proof of qualifications in the form of a recent report on the inspection of the testing agency by a recognized authority.
- B. **Schedule of Tests and Inspections:** Prepare in tabular form and include the following:
  - 1. Specification Section number and title.
  - 2. Description of test and inspection.
  - 3. Identification of applicable standards.
  - 4. Identification of test and inspection methods.
  - 5. Number of tests and inspections required.
  - 6. Time schedule or time span for tests and inspections.

**COUNTY OF ERIE**  
**DIVISION OF REAL ESTATE & ASSET MANAGEMENT**

7. Entity responsible for performing tests and inspections.
  8. Requirements for obtaining samples.
  9. Unique characteristics of each quality-control service.
- C. Reports: Prepare and submit certified written reports that include the following:
1. Date of issue.
  2. Project title and number.
  3. Name, address, and telephone number of testing agency.
  4. Dates and locations of samples and tests or inspections.
  5. Names of individuals making tests and inspections.
  6. Description of the Work and test and inspection method.
  7. Identification of product and Specification Section.
  8. Complete test or inspection data.
  9. Test and inspection results and an interpretation of test results.
  10. Record of temperature and weather conditions at time of sample taking, testing and inspecting.
  11. Comments or professional opinion on whether tested or inspected Work complies with the Contract Document requirements.
  12. Name and signature of laboratory inspector.
  13. Recommendations on retesting and re-inspecting.
- D. Permits, Licenses, and Certificates: For Owner's records, submit copies of permits, licenses, certifications, inspection reports, releases, jurisdictional settlements, notices, receipts for fee payments, judgments, correspondence, records, and similar documents, established for compliance with standards and regulations bearing on performance of the Work.

## **1.05 QUALITY ASSURANCE**

- A. General: Qualifications paragraphs in this Article establish the minimum qualification levels required.
- B. Installer Qualifications: A firm or individual experienced in installing, erecting, or assembling work similar in material, design, and extent to that indicated for this Project, whose work has resulted in construction with a record of successful in-service performance.
- C. Manufacturer Qualifications: A firm experienced in manufacturing products or systems similar to those indicated for this Project and with a record of successful in-service performance, as well as sufficient production capacity to produce required units.
- D. Fabricator Qualifications: A firm experienced in producing products similar to those indicated for this Project and with a record of successful in-service performance, as well as sufficient production capacity to produce required units.
- E. Professional Engineer Qualifications: A professional engineer who is legally qualified to practice in jurisdiction where Project is located and who is experienced in providing engineering services of the kind indicated. Engineering services are

**COUNTY OF ERIE**  
**DIVISION OF REAL ESTATE & ASSET MANAGEMENT**

defined as those performed for installations of the system, assembly, or product that are similar to those indicated for this Project in material, design, and extent.

- F. **Specialists:** Certain sections of the Specifications require that specific construction activities shall be performed by entities who are recognized experts in those operations. Specialists shall satisfy qualification requirements indicated and shall be engaged for the activities indicated.
1. Requirement for specialists shall not supersede building codes and regulations governing the Work.
- G. **Testing Agency Qualifications:** An NRTL, an NVLAP, or an independent agency with the experience and capability to conduct testing and inspecting indicated, as documented according to ASTM E 548; and with additional qualifications specified in individual Sections; and where required by authorities having jurisdiction, that is acceptable to authorities.
1. NRTL: A nationally recognized testing laboratory according to 29 CFR 1910.7.
  2. NVLAP: A testing agency accredited according to NIST's National Voluntary Laboratory Accreditation Program.
- H. **Factory-Authorized Service Representative Qualifications:** An authorized representative of manufacturer who is trained and approved by manufacturer to inspect installation of manufacturer's products that are similar in material, design, and extent to those indicated for this Project.
- I. **Preconstruction Testing:** Where testing agency is indicated to perform preconstruction testing for compliance with specified requirements for performance and test methods, comply with the following:
1. When requested by Owner, Contractor responsibilities include the following:
    - a. provide test specimens representative of proposed products and construction.
    - b. Submit specimens in a timely manner with sufficient time for testing and analyzing results to prevent delaying the Work.
    - c. Provide sizes and configurations of test assemblies, mockups, and laboratory mockups to adequately demonstrate capability of products to comply with performance requirements.
    - d. Build site-assembled test assemblies and mockups using installers who will perform same tasks for Project.
    - e. Build laboratory mockups at testing facility using personnel, products, and methods of construction indicated for the completed Work.
    - f. When testing is complete, remove test specimens, assemblies, mockups, and laboratory mockups; do not reuse products on Project.
  2. **Testing Agency Responsibilities:** Submit a certified written report of each test, inspection, and similar quality-assurance service to Owner with copy to Contractor.

- J. Mockups: Before installing portions of the Work requiring mockups, build mockups for each form of construction and finish required to comply with the following requirements, using materials indicated for the completed Work:
1. Build mockups in location and of size indicated or, if not indicated, as directed by Owner.
  2. Notify Owner two days in advance of dates and times when mockups will be constructed.
  3. Demonstrate the proposed range of aesthetic effects and workmanship.
  4. Obtain Owner's approval of mockups before starting work, fabrication, or construction.
    - a. Allow seven days for initial review and each re-review of each mockup.
  5. Maintain mockups during construction in an undisturbed condition as a standard for judging the completed Work.
  6. Demolish and remove mockups when directed, unless otherwise indicated.

#### 1.06 QUALITY CONTROL

- A. Owner Responsibilities: Where quality-control services are indicated as Owner's responsibility, Owner will engage a qualified testing agency to perform these services.
1. Owner will furnish Contractor with names, addresses, and telephone number of testing agencies engaged and a description of types of testing and inspecting they are engaged to perform.
- B. Tests and inspections not explicitly assigned to Owner are Contractor's responsibility. Unless otherwise indicated, provide quality-control services specified and those required by authorities having jurisdiction. Perform quality-control services required of Contractor by authorities having jurisdiction, whether specified or not.
1. Where services are indicated as Contractor's responsibility, engage a qualified testing agency to perform these quality-control services.
    - a. Contractor shall not employ same entity engaged by Owner, unless agreed to in writing by Owner.
  2. Notify testing agencies at least 24 hours in advance of time when Work that requires testing or inspecting will be performed.
  3. Where quality-control services are indicated as Contractor's responsibility, submit a certified written report, in duplicate, of each quality-control service.
  4. Testing and inspecting requested by Contractor and not required by the Contract Documents are Contractor's responsibility.
  5. Submit additional copies of each written report directly to authorities having jurisdiction, when they so direct.

**COUNTY OF ERIE**  
**DIVISION OF REAL ESTATE & ASSET MANAGEMENT**

- C. **Manufacturer's Field Services:** Where indicated, engage a factory-authorized service representative to inspect field-assembled components and equipment installation, including service connections.
- D. **Retesting/Re-inspecting:** Regardless of whether original tests or inspections were Contractor's responsibility, provide quality-control services, including Re-testing and Re-inspecting, for construction that replaced Work that failed to comply with the Contract Documents.
- E. **Testing Agency Responsibilities:** Cooperate with Owner and Contractor in performance of duties. Provide qualified personnel to perform required tests and inspections.
1. Notify Owner and Contractor promptly of irregularities or deficiencies observed in the Work during performance of its services.
  2. Determine the location from which test samples will be taken and in which tests are conducted.
  3. Conduct and interpret tests and inspections and state in each report whether tested and inspected work complies with or deviates from requirements.
  4. Submit a certified written report, in duplicate, of each test, inspection, and similar quality-control service through Contractor.
  5. Do not release, revoke, alter, or increase the Contract Document requirements or approve or accept any portion of the Work.
  6. Do not perform any duties of Contractor.
- F. **Associated Services:** Cooperate with agencies performing required tests, inspections, and similar quality-control services, and provide reasonable auxiliary services as requested. Notify agency sufficiently in advance of operations to permit assignment of personnel. Provide the following:
1. Access to the Work.
  2. Incidental labor and facilities necessary to facilitate tests and inspections.
  3. Adequate quantities of representative samples of materials that require testing and inspecting. Assist agency in obtaining samples.
  4. Facilities for storage and field curing of test samples.
  5. Delivery of samples to testing agencies.
  6. Preliminary design mix proposed for use for material mixes that require control by testing agency.
  7. Security and protection for samples and for testing and inspecting equipment at Project site.
- G. **Coordination:** Coordinate sequence of activities to accommodate required quality assurance and -control services with a minimum of delay and to avoid necessity of removing and replacing construction to accommodate testing and inspecting.
1. Schedule times for tests, inspections, obtaining samples, and similar activities.
- H. **Schedule of Tests and Inspections:** Prepare a schedule of tests, inspections, and similar quality-control services required by the Contract Documents. Submit schedule within 30 days of date established for the Notice to Proceed.

1. Distribution: Distribute schedule to Owner, testing agencies, and each party involved in performance of portions of the Work where tests and inspections are required.

#### **1.07 SPECIAL TESTS AND INSPECTIONS**

A. Special Tests and Inspections: Conducted by a qualified testing agency as required by authorities having jurisdiction, as indicated in individual Specification Sections, and as follows:

1. Verifying that manufacturer maintains detailed fabrication and quality-control procedures and reviewing the completeness and adequacy of those procedures to perform the Work.
2. Notifying Owner and Contractor promptly of irregularities and deficiencies observed in the Work during performance of its services.
3. Submitting a certified written report of each test, inspection, and similar quality-control service to Owner with copy to Contractor and to authorities having jurisdiction.
4. Submitting a final report of special tests and inspections at Substantial Completion, which includes a list of unresolved deficiencies.
5. Interpreting tests and inspections and stating in each report whether tested and inspected work complies with or deviates from the Contract Documents.
6. Re-testing and Re-inspecting corrected work.

END OF SECTION

**SECTION 014200 - REFERENCES**

**PART 1 – GENERAL**

**1.01 DEFINITIONS**

- A. General: Basic Contract definitions are included in the Conditions of the Contract.

**1.02 BUILDING CODE**

- A. The Contractor shall be compliant with the complete family of the 2010 Building Code of New York State.

**1.03 INDUSTRY STANDARDS**

- A. Applicability of Standards: Unless the Contract Documents include more stringent requirements, applicable construction industry standards have the same force and effect as if bound or copied directly into the Contract Documents.
- B. Publication Dates: Comply with standards in effect as of date of the Contract Documents, unless otherwise indicated.
- C. Copies of Standards: Each entity engaged in construction on Project should be familiar with industry standards applicable to its construction activity. Copies of applicable standards are not bound with the Contract Documents.
1. Where copies of standards are needed to perform a required construction activity, obtain copies directly from publication source.

**1.04 ABBREVIATIONS AND ACRONYMS**

- A. Industry Organizations: Where abbreviations and acronyms are used in Specifications or other Contract Documents, they shall mean the recognized name of the entities indicated in Gale Research's "Encyclopedia of Associations" or in Columbia Books' "National Trade & Professional Associations of the U.S."

**PART 2 - PRODUCTS (NOT USED)**

**PART 3 - EXECUTION (NOT USED)**

END OF SECTION

**SECTION 015400 - SECURITY**

**PART 1 – GENERAL**

**1.01 REFERENCE**

- A. Documents affecting work of this section include but are not necessarily limited to the Agreement, the technical specifications sections and the project drawings.

**1.02 RELATED SECTIONS**

- A. All technical specification sections.

**1.03 SUMMARY**

- A. This Work of this Contract may be performed at an Erie County secure detention or correctional facility.
- B. Any reference to "Facility" shall mean a secure detention or correctional facility under Erie County jurisdiction.
- C. Any reference to "Correction Officer" shall mean an Owner designated employee of the Facility, typically a corrections officer.
- D. Any reference to "ID Officer" shall mean an Owner designated employee of the Facility, typically a corrections identification officer.
- E. Any reference to "Tool Security Officer" shall mean an Owner designated employee of the Facility, typically a corrections officer.
- F. Any reference to "Security Officer" shall mean an Owner designated employee of the Facility, typically a corrections identification officer.
- G. Any reference to "Captain" shall mean an Owner designated employee of the Facility, typically a corrections identification officer holding the rank of Captain.
- H. Any reference to the "Contractor" shall mean Contractors, Sub-Contractors, and any/all of their employees.
- I. Any persons other than a Contractor, such as suppliers and equipment manufacturers, must comply with the Facility's visitor regulations.
- J. Contractors shall comply with and adhere to the Facility's security regulations and the requirements of this section.
- K. Any Work actions that would constitute a breach of the Facility's security, in the opinion of the Owner or the Captain, must be addressed and resolved by the Contractor prior to the end of the Work day, to the satisfaction of the Captain.

#### 1.04 SCHEDULING FOR CORRECTION OFFICER COVERAGE

- A. Any time a Contractor is performing Work within the secure perimeter of the Facility, Correction Officer coverage must be provided as deemed appropriate by the Captain.
- B. Notify the Facility at least 24 hours in advance of each day's work activities, regarding the number of crews which will be working, including when and where they will be working.
- C. Any changes from the notified daily Work activities shall make the Contractor liable for any additional costs to the Owner for Correction Officer coverage resulting from these changes.

#### 1.05 SECURITY REGULATIONS

##### A. BACKGROUND CHECK:

- 1. The Work of this contract is being performed at a secure facility. As such, prior to entering the project site and the Facility. Contractor's and Sub-contractors' employees shall have a background check performed, without charge, by the Facility I.D. Officer.
- 2. Entry into the project site and Facility by the captioned persons shall be subject to the approval of the Erie County Sheriff's Office.
- 3. Anyone deemed inappropriate to enter the project site and Facility or to perform Work in a secure facility, by the Owner or by the Erie County Sheriff's Office, will not be allowed access to the project site and Facility.
- 4. Former inmates in the State correctional system, or any County, City, Federal jail, or lockup may not be permitted inside project site and Facility, unless reviewed and approved by the Captain, in consultation with the Facility Superintendent.

##### B. WORK HOURS:

- 1. The Contractor will have access to the site to the Work site, at minimum a full eight hours per day. Should the Contractor desire to in addition to the minimum eight hours, this shall be scheduled with the Facility.
- 2. The Contractor shall anticipate an additional one-hour total processing time to enter and exit the Facility per day. The actual time when the Contractor (including truck drivers) may enter and exit the Facility will be established by the Facility.
- 3. Employees who are more than 15 minutes late for their scheduled entrance time may be denied entry, with exception of the Construction Superintendent and/or Project Manager.

**COUNTY OF ERIE**  
**DIVISION OF REAL ESTATE & ASSET MANAGEMENT**

4. Employees, other than approved Construction Superintendents, Project Managers and truck drivers will not be allowed to leave the Facility during the workday and will be required to bring their lunches and eat in the work areas.

**C. TOOL CHECK IN:**

1. All of the Contractors' employees, tools, materials and vehicles entering a secured area must be checked in and out through an area designated by the Facility.
2. All Contractors working inside the Facility shall maintain inventories of all tools and other equipment. A copy of the inventory shall be forwarded to the Tool Security Officer. Contractors must notify the Tool Security Officer immediately if a tool is discovered missing.

**D. IDENTIFICATION BADGES:**

1. A photo identification badge may be furnished and maintained by the Facility for all Contractors' employees, including Sub-contractors' employees. Additionally, each person entering the Facility may be hand-stamped using the ultraviolet hand-stamping technique to aid in identifying people leaving the Facility.

**E. ILLEGAL SUBSTANCES:**

1. Alcoholic beverages or illegal drugs of any kind will not be allowed on Facility premises. Prescription medications must be brought to the attention of the Security Officer upon arrival. A single day supply of prescription medicine will be allowed into the Facility. Persons under the influence of illegal drugs or alcohol will not be allowed into the Facility. Persons under the influence of illegal drugs or alcohol will not be allowed into the Facility and may be permanently removed from the project.

**F. WEAPONS:**

1. Firearms, ammunition or other weapons (including mace or pepper spray) will not be allowed in the Facility at any time.

**G. CONTACT WITH OCCUPANTS:**

1. Contact, communication, or exchange of any article with Facility inmates is strictly prohibited. Any attempts by inmates to contact or communicate with contractors must be reported immediately to the Security Officer on Duty.

**H. EMERGENCY SITUATIONS :**

1. In the event of an emergency of any kind, which may interfere with the welfare or operation and security of the Facility or its personnel, the Facility reserves the right to stop Work for a period of time. During this period, Contractors shall remain in designated areas and shall follow directions of any Correction Officer (s) or Facility Employee(s) on duty.

**I. TOOLS AND TOOL CLASSIFICATIONS:**

**COUNTY OF ERIE  
DIVISION OF REAL ESTATE & ASSET MANAGEMENT**

1. The Contractor shall check tools in out of the Facility and the Work area, through the Tool Security Officer, on a daily basis, The Contractor shall assume all responsibilities for tools checked in. Every tool checked in shall also be checked out on a daily basis.
  2. The Contractor shall store tools authorized as allowed in the Facility and the Work area in approved, locked toolboxes, where directed by the Owner, when not in use.
  3. Certain extremely hazardous tools present a higher risk in a correctional facility setting and must be removed from the Facility daily. These extremely hazardous tools include the following:
    - a. Bolt Cutters
    - b. Locksmith tools
    - c. Powder-activated tools (e.g. ram set, Hilti, etc)
    - d. Pneumatic nailer
    - e. Rescue saws (K-12 type, gasoline or electric)
    - f. Torches (all cutting-mixing gauges & torch heads)
    - g. Metal cutting blades and/or disc.
  4. The Tool Security Officer and the Captain will determine if any other tools brought into the Facility should be designated extremely hazardous. If any tool is designated as extremely hazardous, such tools may be required to be removed daily. These may include:
    - a. HEPA Masks, N-95 Masks, M-17 Protective Masks, self-contained breathing apparatus, respirators, and filters. All disposable respirator masks must be accounted for, inventoried and disposed of properly.
    - b. Blueprints are regarded as tools and should be handled accordingly. All blueprints are to be secured, accounted for and turned over to the Facility at the conclusion of the project.
  5. Tool Removal from Work Area: All other tools (those not designated as extremely hazardous) must be removed from all Work areas on a daily basis. If such tools are stored on site, they shall be placed within designated secure storage containers, as directed by the project documents and by the Facility.
- J. CONSTRUCTION MATERIALS:
1. The Contractor shall check construction materials in and out (if appropriate) of the Facility and the Work area, through the Tool Security Officer, on a daily basis.
  2. The Contractor shall assume all responsibilities for material checked in.
  3. Unless approved otherwise by the Owner, all construction materials must be removed from all Work areas on a daily basis.

4. The Tool Security Officer and the Captain will determine if any construction materials brought into the Facility should be designated extremely hazardous. If any construction material is designated as extremely hazardous, such construction material (if not incorporated into the Work of the project) may be required to be removed daily.

**K. ELECTRONIC DEVICES:**

**1. Cell Phones:**

- a. The possession of cell phones within the perimeter security fences is strictly prohibited.
- b. The use of cell phones outside the perimeter fence is permitted.

**2. Radios:**

- a. Radios require approval for use on Facility property by the Captain of Tool Security Officer for a specific task.
- b. If approved, radios must be checked in and out of the Work area on a daily basis by the Tool Security Officer.
- c. Radios must be removed from the Facility on a daily basis.
- d. Radios can not interfere, in any way, with Facility radio systems.

**3. Laptop Computers:**

- a. Laptop computers (with or without modems) when necessary for the installation, maintenance, or repair of equipment will be considered for approval in Work areas.
- b. Laptop computers shall be approved for use on Facility property by the Captain or Tool Security Officer.
- c. Laptop computers must be removed from the Facility on a daily basis.

**4. Pagers:**

- a. Only those pagers necessary for the Work of the Project will be considered for approval in Work areas.
- b. Pagers shall be approved for use on Facility property by the Captain or Tool Security Officer.
- c. If approved, pagers must be checked in and out of the Work area on a daily basis by the Tool Security Officer.
- d. Pagers must be removed from the Facility on a daily basis.

**5. Cameras:**

**COUNTY OF ERIE**  
**DIVISION OF REAL ESTATE & ASSET MANAGEMENT**

- a. Only those cameras necessary for the Work of the Project will be considered for approval in Work areas.
- b. Cameras shall be approved for use on Facility property by the Captain or Tool Security Officer.
- c. Cameras must be removed from the Facility on a daily basis.

**L. CONTROL OF VEHICLES AND HEAVY EQUIPMENT:**

1. Only vehicles and heavy equipment necessary for the Work of the Project will be considered for approval within the Facility and in Work areas.
2. Vehicles and heavy equipment shall be approved for use on Facility property by the Captain or Tool Security Officer.
3. If approved, vehicles and heavy equipment must be checked in and out of the Work area on a daily basis by the Tool Security Officer.
4. The Contractor shall assume all responsibilities for vehicles and heavy equipment checked in.
5. Unless approved otherwise by the Tool Security Officer or the Captain, vehicles and heavy equipment must be removed from the Facility on a daily basis.
6. If approved for storage within the facility, vehicles and heavy equipment shall be stored on in designated areas, as directed by the project documents and by the Facility.
7. If vehicles and heavy equipment are approved to be stored within the Facility, they shall be disabled in accordance with direction given by the Facility.
8. All vehicles and heavy equipment left unattended at any time on Facility grounds shall be securely locked from entry and operation. Vehicle locks shall be kept in operating order at all times. No vehicle will be allowed access any other area without proper authorization.
9. All vehicles and heavy equipment containing any sort of combustible fuel, when left unattended, must be equipped with a locking fuel cap.

**M. SCAFFOLDING, HOISTS AND LADDERS:**

1. All scaffolding, ladders and hoists shall be secured by chain and locked to a stationary object when not in use.
2. All scaffolding, ladders and hoists in use within the secure perimeter of the facility, shall be secured by chain, and locked to a stationary object.
3. A scaffolding, ladder and hoist inventory (listed by size) used in the work areas shall be maintained by the contractor. This inventory shall be checked on a daily basis by the Tool Security Officer and the Captain.

**N. CONSTRUCTION DEBRIS:**

1. The Contractor shall clean the work area of all construction debris on a daily basis.
2. Any construction debris that, in the opinion of the Tool Security Officer or the Captain, would jeopardize the safety and security of the Facility shall be removed from the facility immediately by the Contractor.

**PART 2 – PRODUCTS (Not Used)**

**PART 3 – EXECUTION (Not Used)**

**END OF SECTION**

**SECTION 017300 - EXECUTION**

**PART 1 - GENERAL**

**1.01 SUMMARY**

A. This Section includes general procedural requirements governing execution of the Work including, but not limited to, the following:

1. Construction layout.
2. Field engineering and surveying.
3. General installation of products.
4. Coordination of Owner-installed products.
5. Progress cleaning.
6. Starting and adjusting.
7. Protection of installed construction.
8. Correction of the Work.

B. Related Sections include the following:

1. Division 01 Section "Cutting and Patching" for procedural requirements for cutting and patching necessary for the installation or performance of other components of the Work.

**1.02 SUBMITTALS (Not Used)**

**1.03 QUALITY ASSURANCE (Not Used)**

**PART 2 – PRODUCTS (Not Used)**

**PART 3 – EXECUTION**

**3.01 EXAMINATION**

A. Existing Conditions: The existence and location of site improvements, utilities, and other construction indicated as existing are not guaranteed. Before beginning work, investigate and verify the existence and location of mechanical and electrical systems and other construction affecting the Work.

1. Before construction, verify the location and points of connection of utility services.

B. Existing Utilities: The existence and location of underground and other utilities and construction indicated as existing are not guaranteed. Before beginning sitework, investigate and verify the existence and location of underground utilities and other construction affecting the Work.

1. Before construction, verify the location and invert elevation at points of connection of sanitary sewer, storm sewer, and water-service piping; and underground electrical services.

**COUNTY OF ERIE**  
**DIVISION OF REAL ESTATE & ASSET MANAGEMENT**

2. Furnish location data for work related to Project that must be performed by public utilities serving Project site.
- C. Acceptance of Conditions: Examine substrates, areas, and conditions, with Installer or Applicator present where indicated, for compliance with requirements for installation tolerances and other conditions affecting performance. Record observations.
  1. Verify compatibility with and suitability of existing conditions.
  2. Locate, using the appropriate agencies, all underground utilities which may be encountered during installation.
  3. Proceed with installation only after unsatisfactory conditions have been corrected. Proceeding with the Work indicates acceptance of surfaces and conditions.

### **3.02 PREPARATION**

- A. Existing Utility Information: Furnish information to local utility that is necessary to adjust, move, or relocate existing utility structures, utility poles, lines, services, or other utility appurtenances located in or affected by construction. Coordinate with authorities having jurisdiction.
- B. Field Measurements: Take field measurements as required to fit the Work properly. Recheck measurements before installing each product. Where portions of the Work are indicated to fit to other construction, verify dimensions of other construction by field measurements before fabrication. Coordinate fabrication schedule with construction progress to avoid delaying the Work.
- C. Space Requirements: Verify space requirements and dimensions of items shown diagrammatically on Drawings.
- D. Review of Contract Documents and Field Conditions: Immediately on discovery of the need for clarification of the Contract Documents, submit a request for information to Owner. Include a detailed description of problem encountered, together with recommendations for changing the Contract Documents.

### **3.03 FIELD ENGINEERING**

- A. Reference Points: Locate existing permanent benchmarks, control points, and similar reference points before beginning the Work. Preserve and protect permanent benchmarks and control points during construction operations.
  1. Do not change or relocate existing benchmarks or control points and similar reference points before beginning the Work. Preserve and protect permanent benchmarks and control points during construction operations.

### **3.04 INSTALLATION**

- A. General: Locate the Work and components of the Work accurately, in correct alignment and elevation, as indicated:

**COUNTY OF ERIE**  
**DIVISION OF REAL ESTATE & ASSET MANAGEMENT**

1. Make vertical work plumb and make horizontal work level.
  2. Where space is limited, install components to maximize space available for maintenance and ease of removal for replacement.
  3. Conceal pipes, ducts, and wiring in finished areas, unless otherwise indicated.
- B. Comply with manufacturer's written instructions and recommendations for installing products in applications indicated.
- C. Install products at the time and under conditions that will ensure the best possible results.
- D. Conduct construction operations so no part of the Work is subjected to damaging operations or loading in excess of that expected during normal conditions of occupancy.
- E. Tools and Equipment: Do not use tools or equipment that produce harmful noise levels.
- F. Templates: Obtain and distribute to the parties involved templates for work specified to be factory prepared and field installed. Check Shop Drawings of other work to confirm that adequate provisions are made for locating and installing products to comply with indicated requirements.
- G. Anchors and Fasteners: Provide anchors and fasteners as required to anchor each component securely in place, accurately located and aligned with other portions of the Work.
1. Mounting Heights: Where mounting heights are not indicated, mount components at heights directed by Owner.
  2. Allow for building movement, including thermal expansion and contraction.
  3. Coordinate installation of anchorages. Furnish setting drawings, templates, and directions for installing anchorages, including sleeves, concrete inserts, anchor bolts, and items with integral anchors, that are to be embedded in concrete or masonry. Deliver such items to Project site in time for installation.
- H. Joints: Make joints of uniform width. Where joint locations in exposed work are not indicated, arrange joints for the best visual effect. Fit exposed connections together to form hairline joints.
- I. Hazardous Materials: Use products, cleaners, and installation materials that are not considered hazardous.
- J. Existing Roofing Warranties and Warranties for New Work:
1. Repairs: Confer with the Owner before commencing any work to determine:
    - a. The manufacturer of the existing roofing system.
    - b. The status of existing roofing warranties.

**COUNTY OF ERIE**  
**DIVISION OF REAL ESTATE & ASSET MANAGEMENT**

2. Replacements Confer with the Owner before commencing any replacement work to determine:
  - a. The manufacturer of the new roofing system to be installed.
  - b. Procedure to be followed at joints with existing roofing.
  - c. Warranty period and terms for the new work.

**K. Roofing Repair:**

1. Examine the failed area for causes which may have led to the failure; repair not only the failed portion but also rehabilitate any other elements of the roofing system which appear to be in need of preventative maintenance. Comply firstly with the repair techniques required and/or recommended by the manufacturer of the roofing system and, secondly, with generally accepted repair practices for the class of roofing systems to which the roof belongs.
2. For any roof still believed to be under warranty, conform exactly to manufacturer's requirements.
3. As a part of the repair, visually check the neighboring roof elements and advise the Owner of any such findings that may require preventative maintenance in the near future.

**3.05 PROGRESS CLEANING**

- A. General: Clean Project site and work areas daily, including common areas. Coordinate progress cleaning for joint-use areas where more than one installer has worked. Enforce requirements strictly. Dispose of materials lawfully.
  1. Comply with requirements in NFPA 241 for removal of combustible waste materials and debris.
  2. Do not hold materials more than 7 days during normal weather or 3 days if the temperature is expected to rise above 80 deg F.
  3. Containerize hazardous and unsanitary waste materials separately from other waste. Mark containers appropriately and dispose of legally, according to regulations.
- B. Site: Maintain Project site free of waste materials and debris.
- C. Work Areas: Clean areas where work is in progress to the level of cleanliness necessary for proper execution of the Work.
  1. Remove liquid spills promptly.
  2. Where dust would impair proper execution of the Work, broom-clean or vacuum the entire work area, as appropriate.
- D. Installed Work: Keep installed work clean. Clean installed surfaces according to written instructions of manufacturer or fabricator of product installed, using only cleaning materials specifically recommended. If specific cleaning materials are not recommended, use cleaning materials that are not hazardous to health or property and that will not damage exposed surfaces.

**COUNTY OF ERIE**  
**DIVISION OF REAL ESTATE & ASSET MANAGEMENT**

- E. Concealed Spaces: Remove debris from concealed spaces before enclosing the space.
- F. Exposed Surfaces in Finished Areas: Clean exposed surfaces and protect as necessary to ensure freedom from damage and deterioration.
- G. Waste Disposal: Burying or burning waste materials on-site will not be permitted. Washing waste materials down sewers or into waterways will not be permitted.
- H. During handling and installation, clean and protect construction in progress and adjoining materials already in place. Apply protective covering where required to ensure protection from damage or deterioration at Substantial Completion.
- I. Clean and provide maintenance on completed construction as frequently as necessary through the remainder of the construction period. Adjust and lubricate operable components to ensure operability without damaging effects.
- J. Limiting Exposures: Supervise construction operations to assure that no part of the construction, completed or in progress, is subject to harmful, dangerous, damaging, or otherwise deleterious exposure during the construction period.

**3.06 STARTING AND ADJUSTING**

- A. Start equipment and operating components to confirm proper operation. Remove malfunctioning units, replace with new units, and retest.
- B. Adjust operating components for proper operation without binding. Adjust equipment for proper operation.
- C. Test each piece of equipment to verify proper operation. Test and adjust controls and safeties. Replace damaged and malfunctioning controls and equipment.
- D. Manufacturer's Field Service: If a factory-authorized service representative is required to inspect field-assembled components and equipment installation, comply with qualification requirements in Division 01 Section "Quality Requirements."

**3.07 PROTECTION OF INSTALLED CONSTRUCTION**

- A. Provide final protection and maintain conditions that ensure installed Work is without damage or deterioration.
- B. Comply with manufacturer's written instructions for temperature and relative humidity.

**3.08 CORRECTION OF THE WORK**

- A. Repair or remove and replace defective construction. Restore damaged substrates and finishes. Comply with requirements in Division 01 Section "Cutting and Patching."

**COUNTY OF ERIE**  
**DIVISION OF REAL ESTATE & ASSET MANAGEMENT**

1. Repairing includes replacing defective parts, refinishing damaged surfaces, touching up with matching materials, and properly adjusting operating equipment.
- B. Restore permanent facilities used during construction to their specified condition.
- C. Remove and replace damaged surfaces that are exposed to view if surfaces cannot be repaired without visible evidence of repair.
- D. Repair components that do not operate properly. Remove and replace operating components that cannot be repaired.
- E. Remove and replace chipped, scratched, and broken glass or reflective surfaces.

END OF SECTION

**SECTION 017320 - SELECTIVE DEMOLITION**

**PART 1 – GENERAL**

**1.01 SUMMARY**

- A. This Section includes the following:
  - 1. Demolition and removal of selected portions of building or structure.
  - 2. Demolition and removal of selected site elements.
  - 3. Salvage of existing items to be reused or recycled.
- B. Each Contractor is responsible for removal of work by their own Contract.
- C. Related Sections include general provisions of the agreement and other Division 01 Specification Sections.

**1.02 DEFINITIONS**

- A. Remove: Detach items from existing construction and legally dispose of them off-site, unless indicated to be removed and salvaged or removed and reinstalled.
- B. Remove and Salvage: Detach items from existing construction and deliver them to Owner ready for reuse.
- C. Remove and Reinstall: Detach items from existing construction, prepare them for reuse, and reinstall them where indicated.
- D. Existing to Remain: Existing items of construction that are not to be removed and that are not otherwise indicated to be removed, removed and salvaged, or removed and reinstalled.

**1.03 SUBMITTALS**

- A. Schedule of Selective Demolition Activities: Indicate the following:
  - 1. Detailed sequence of selective demolition and removal work, with starting and ending dates for each activity. Ensure Owner's building manager's on-site operations are uninterrupted.
  - 2. Interruption of utility services. Indicate how long utility services will be interrupted.
  - 3. Coordination for shutoff, capping, and continuation of utility services.
  - 4. Use of elevator and stairs.
  - 5. Locations of proposed dust- and noise-control temporary partitions and means of egress.
  - 6. Coordination of Owner's continuing occupancy of portions of existing building and of Owner's partial occupancy of completed Work.

7. Means of protection for items to remain and items in path of waste removal from building.
- B. Inventory: After selective demolition is complete, submit a list of items that have been removed and salvaged if requested by the Owner.
- C. Pre-demolition Photographs: Show existing conditions of adjoining construction and site improvements, including finish surfaces that might be misconstrued as damage caused by selective demolition operations. Comply with Division 1 Section "Photographic Documentation." Submit before Work begins.
- D. Landfill Records: Indicate receipt and acceptance of hazardous wastes by a landfill facility licensed to accept hazardous wastes.

#### **1.04 QUALITY ASSURANCE**

- A. Demolition Firm Qualifications: An experienced firm that has specialized in demolition work similar in material and extent to that indicated for this Project.
- B. Regulatory Requirements: Comply with governing EPA notification regulations before beginning selective demolition. Comply with hauling and disposal regulations of authorities having jurisdiction.
- C. Standards: Comply with ANSI A10.6 and NFPA 241.
- D. Pre-demolition Conference: Conduct conference as required at Project site, review methods and procedures related to selective demolition including, but not limited to, the following:
  1. Inspect and discuss condition of construction to be selectively demolished.
  2. Review structural load limitations of existing structure.
  3. Review and finalize selective demolition schedule and verify availability of materials, demolition personnel, equipment, and facilities needed to make progress and avoid delays.
  4. Review areas where existing construction is to remain and requires protection.

#### **1.05 PROJECT CONDITIONS**

- A. Owner will occupy each building where selective demolition may occur. Conduct selective demolition so Owner's operations will not be disrupted.
- B. Conditions existing at time of inspection for bidding purpose will be maintained by Owner as far as practical.
- C. Hazardous Materials: Hazardous material surveys will be made available to the Contractors.

1. The Owner will provide testing of materials that are suspected of being hazardous.
  2. The Contractor will remove hazardous materials as identified according to all state and federal regulations and all authorities having jurisdiction.
- D. Storage or sale of removed items or materials on-site is not permitted.
- E. Utility Service: Maintain existing utilities indicated to remain in service and protect them against damage during selective demolition operations.
1. Maintain fire-protection facilities in service during selective demolition operations.

#### **1.06 WARRANTY**

- A. Existing Warranties: Remove, replace, patch, and repair materials and surfaces cut or damaged during selective demolition, by methods and with materials so as not to void existing warranties.

### **PART 2 - PRODUCTS (Not Used)**

### **PART 3 - EXECUTION**

#### **3.01 EXAMINATION**

- A. Verify that utilities have been disconnected and capped.
- B. Survey existing conditions and correlate with requirements indicated to determine extent of selective demolition required.
- C. Inventory and record the condition of items to be removed and reinstalled and items to be removed and salvaged.
- D. When unanticipated mechanical, electrical, or structural elements that conflict with intended function or design are encountered, investigate and measure the nature and extent of conflict. Promptly submit a written report to Owner.
- E. Contractor to survey condition of building to determine whether removing any element might result in structural deficiency or unplanned collapse of any portion of structure or adjacent structures during selective demolition operations.
- F. Survey of Existing Conditions: Record existing conditions by use of measured drawings, preconstruction photographs and other such documentation as required by the Owner.
1. Comply with requirements specified in Division 1 Section "Photographic Documentation."
  2. Before selective demolition or removal of existing building elements that will be reproduced or duplicated in final Work, make permanent record of

measurements, materials, and construction details required to make exact reproduction.

- a. Perform surveys as the Work progresses to detect hazards resulting from selective demolition activities.

### **3.02 UTILITY SERVICES AND MECHANICAL/ELECTRICAL SYSTEMS**

- A. Existing Services/Systems: Maintain services/systems indicated to remain and protect them against damage during selective demolition operations.
- B. Service/System Requirements: Locate, identify, disconnect, and seal or cap off indicated utility services and mechanical/electrical systems serving areas to be selectively demolished.
  1. Owner will arrange to shut off indicated services/systems when requested by Contractor.
  2. Arrange to shut off indicated utilities with utility companies.
  3. If services/systems are required to be removed, relocated, or abandoned, before proceeding with selective demolition provide temporary services/systems that bypass area of selective demolition and that maintain continuity of services/systems to other parts of building.
  4. Cut off pipe or conduit in walls or partitions to be removed. Cap, valve, or plug and seal remaining portion of pipe or conduit after bypassing.
    - a. Where entire wall is to be removed, existing services/systems may be removed with removal of the wall.

### **3.03 PREPARATION**

- A. Site Access and Temporary Controls: Conduct selective demolition and debris-removal operations to ensure minimum interference with roads, streets, walks, walkways, and other adjacent occupied and used facilities.
- B. Temporary Facilities: Provide temporary barricades and other protection required to prevent injury to people and damage to adjacent buildings and facilities to remain.
  1. Provide protection to ensure safe passage of people around selective demolition area and to and from occupied portions of building.
  2. Provide temporary weather protection, during interval between selective demolition of existing construction on exterior surfaces and new construction, to prevent water leakage and damage to structure and interior areas.
  3. Protect walls, ceilings, floors, and other existing finish work that are to remain or that are exposed during selective demolition operations.

4. Cover and protect furniture, furnishings, and equipment that have not been removed.
- C. Temporary Shoring: Provide and maintain shoring, bracing, and structural supports as required to preserve stability and prevent movement, settlement, or collapse of construction and finishes to remain, and to prevent unexpected or uncontrolled movement or collapse of construction being demolished.
1. Strengthen or add new supports when required during progress of selective demolition.

### 3.04 SELECTIVE DEMOLITION, GENERAL

- A. General: Demolish and remove existing construction only to the extent required by new construction and as indicated. Use methods required to complete the Work within limitations of governing regulations and as follows:
1. Proceed with selective demolition systematically, from higher to lower level. Complete selective demolition operations above each floor or tier before disturbing supporting members on the next lower level.
  2. Neatly cut openings and holes plumb, square, and true to dimensions required. Use cutting methods least likely to damage construction to remain or adjoining construction. Use hand tools or small power tools designed for sawing or grinding, not hammering and chopping, to minimize disturbance of adjacent surfaces. Temporarily cover openings to remain.
  3. Cut or drill from the exposed or finished side into concealed surfaces to avoid marring existing finished surfaces.
  4. Do not use cutting torches until work area is cleared of flammable materials. At concealed spaces, such as duct and pipe interiors, verify condition and contents of hidden space before starting flame-cutting operations. Maintain fire watch and portable fire-suppression devices during flame-cutting operations.
  5. Maintain adequate ventilation when using cutting torches.
  6. Remove decayed, vermin-infested, or otherwise dangerous or unsuitable materials and promptly dispose of off-site.
  7. Remove structural framing members and lower to ground by method suitable to avoid free fall and to prevent ground impact or dust generation.
  8. Locate selective demolition equipment and remove debris and materials so as not to impose excessive loads on supporting walls, floors, or framing.
  9. Dispose of demolished items and materials promptly.
- B. Removed and Salvaged Items: (if required)
1. Clean salvaged items.

2. Pack or crate items after cleaning. Identify contents of containers.
3. Store items in a secure area until delivery to Owner.
4. Transport items to Owner's storage area designated by Owner.
5. Protect items from damage during transport and storage.

**C. Removed and Reinstalled Items:**

1. Clean and repair items to functional condition adequate for intended reuse. Paint equipment to match new equipment.
2. Pack or crate items after cleaning and repairing. Identify contents of containers.
3. Protect items from damage during transport and storage.
4. Reinstall items in locations indicated. Comply with installation requirements for new materials and equipment. Provide connections, supports, and miscellaneous materials necessary to make item functional for use indicated.

**D. Existing Items to Remain:** Protect construction indicated to remain against damage and soiling during selective demolition. When permitted by the Owner, items may be removed to a suitable, protected storage location during selective demolition and cleaned and reinstalled in their original locations after selective demolition operations are complete.

**3.05 SELECTIVE DEMOLITION PROCEDURES FOR SPECIFIC MATERIALS**

- A. Concrete: Demolish in small sections. Cut concrete to a depth of at least 3/4 inch (19 mm) at junctures with construction to remain, using power-driven saw. Dislodge concrete from reinforcement at perimeter of areas being demolished, cut reinforcement, and then remove remainder of concrete indicated for selective demolition. Neatly trim openings to dimensions indicated.
- B. Masonry: Demolish in small sections. Cut masonry at junctures with construction to remain, using power-driven saw, then remove masonry between saw cuts.
- C. Concrete Slabs-on-Grade: Saw-cut perimeter of area to be demolished, then break up and remove.
- D. Air-Conditioning Equipment: Remove equipment without releasing refrigerants.
- E. Electrical Equipment: Remove without leaking fluids.

**3.06 DISPOSAL OF DEMOLISHED MATERIALS**

- A. General: Except for items or materials indicated to be reused, salvaged, reinstalled, or otherwise indicated to remain Owner's property, remove demolished materials from Project site and legally dispose of them in an EPA-approved landfill.
  1. Do not allow demolished materials to accumulate on-site.

2. Remove and transport debris in a manner that will prevent spillage on adjacent surfaces and areas.
3. Remove debris from elevated portions of building by chute, hoist, or other device that will convey debris to grade level in a controlled descent.
4. Waste Management:
  - a. Burning: Do not burn demolished materials.
  - b. Disposal: Transport demolished materials off Owner's property and legally dispose of them.

### **3.07 CLEANING**

- A. Clean adjacent structures and improvements of dust, dirt, and debris caused by selective demolition operations. Return adjacent areas to condition existing before selective demolition operations began.

END OF SECTION
